March 2014

The most pronounced change for the 1961 Corvette was a completely new rear-end treatment. A bonus of the new aft section, which was quickly dubbed the “ducktail”, was that it increased luggage space by about 20%. Highlighting it were twin taillights on either side of the central license plate recess and a modest longitudinal crease line running down the trunk lid.

Larry and Nancy Fees’ stunning “Vette” is in the original and rarely seen fawn color with matching interior. Larry recalls walking past a Chevrolet dealership in his youth and dreaming of

one day being able to own one of the Corvettes on the showroom floor. The dream came true in 1999. He occasionally “surfed” the “net” and ran across a Collector Corvette dealership in Napoleon, Ohio. One day when driving through Napoleon He and Nancy stopped in and there was a nice display of C-1 Vettes that caught their eye and among them the Fawn colored Vette...Guess where it found a new home?

The car had a frame off restoration in Massachusetts. The former 283 engine was replaced with a 327 and coupled to its original 4 speed transmission.

Larry and Nancy belong to the same Church your writer does, Good Shepherd Episcopal in Venice, and they heard me talking about our tour of lights at Christmas at a Sunday morning service and that’s where they started hearing about our club. They are brand new members, just joining at our last auction meeting in February. We are happy to have you both and also have such a gorgeous Vette in our “stable” of around 400 club collector vehicles.

They became “snowbirds” in North Port in 2012 and still spend summers at their home in Gladwin, Michigan.

From The President:

On Saturday, February 8th we had our club picnic that was held at Dave and Babe's home in Englewood. We had (92) members attend this event; it was a beautiful day and a great success. I would like to thank both Dave and Babe for all of their work and hospitality in hosting this great event. I also would like to thank all of our lady members who cooked and prepared all of the food for everyone to enjoy. This is another reason that our club has grown and become so successful in the past because everyone pulls together and makes an event like this a great success.

At the February 10th General Membership Meeting we again held our annual club auction. This event is always a lot of fun for everyone and the club made a profit of \$ 382.00. We had approx. (50) members sign up to bid with approx. (28) members purchasing items.

Richard DiSanto has volunteered to take over Chuck Ford's position of providing our programs at our monthly General Membership Meetings. Richard has also volunteered to take over Bill Trier's job of taking pictures at our events for the newsletter each month. Richard can not attend every event so he needs a couple of members to volunteer to help him at events that he can not attend, but he will correlate all of the pictures and send them to the printer. Please try to help him out.

On Sunday, February 16th we again held our annual 'Cruzin In At The Gazebo' in Downtown Venice at Centennial Park from 1:30 to 3:30 PM. I know some of our members were unhappy that there were spectator's cars mixed in with our show cars but up until now the City of Venice, even that they required us to have a permit, would not allow us to block off a section of the parking lot to avoid this situation. I am still going to press the city to remedy this problem. Other than the parking problem, the 'Cruzin' was a big success with (46) cars attending and everyone had a good time enjoying the beautiful weather and the spectators.

Please mark your calendars for Saturday, March 29th for our 'Paid' Car Show for the Italian American Club from 10:00 AM to 2:00 PM. Lunch will be provided for us. The Italian American Club is located across from the Darby Buick Dealership on Bus. #41. Please try hard to attend this event. Also remember the Lemon Bay AACA Car Show on March 9th and the Royal Coachman Car Show on March 15th.

Please feel free to call me anytime if you have any ideas on how we can make our club better or more enjoyable. We need everyone's help to make our club prosper in the future.

Thanks,
Gary Felker

HISTORICAL VEHICLE - submitted by Chuck Ford

1932 Ford Model 18 Roadster

The Ford Motor Company was launched by Henry Ford in 1903. During its early years, the company produced just a few cars a day at its factory in Detroit, Michigan. Groups of two or three men worked on each car, assembling it from parts made mostly by supplier companies contracting for Ford. Within a decade the company would lead the world in the expansion and refinement of the assembly line concept.

In 1908 Ford introduced the first engine with a removable cylinder head, in the Model T. Ford introduced the first moving assembly line in 1913. In 1930, Ford introduced the Model A, the first car with safety glass in the windshield. Ford launched the first low priced V8 engine powered car in 1932.

Ford offered the Lifeguard safety package from 1956, which included such innovations as a standard deep-dish steering wheel, optional front, and for the first time in a car, rear seatbelts, and an optional padded dash. Ford introduced child-proof door locks into its products in 1957, and in the same year offered the first retractable hardtop on a mass-produced six-passenger car. In 1965 Ford introduced the seat belt reminder light.

During the 1980s, Ford began using the advertising slogan, "Have you driven a Ford, lately?" to introduce new customers to their brand and make their vehicles appear more modern. And Ford continues today as a major player in the world automotive market.

The AACA Tour and Picnic to Babe and Dave Lanning's "Private Collection" of Automobile Memorabilia, in Englewood was a huge success. we had a record attendance of 92 participants and 42 Tour Cars. We would like to extend a very big **"THANK YOU!"** to Babe and Dave Lanning!

This meet was expertly done by our Sunshine Region AACA at a wonderful location. In spite of the rain, we had 30 members in attendance, and approximately 1600 cars (had it been a clear day we would have easily had at least 2000!). We would like to extend a very big **"THANK YOU!"** to everyone who made this event such a success!
